### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Joseph Gorski on September 15, 2004.

The application has been amended as follows:

In the Claims:

*Claim 13 (cancelled)*

2. The following is an examiner's statement of reasons for allowance: It is the examiner's opinion that the art of record considered as a whole, alone or in combination, neither anticipates nor renders obvious a sensor that is angularly moveable together with said dresser over the first area and the second area to measure an amount of a material of the first area that has been worn off, while using the second area as a reference surface, as argued on page 6 of the applicants remarks, together in combination with the rest of the limitations in the independent claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
